Dear Future Leaders,

***Tata Elxsi**, a global leader in design and technology services, is excited to invite you to participate in **TELIPORT Season 4**. This is an exclusive opportunity for Engineering students to dive into a cutting-edge case challenge, solving real-world problems while gaining invaluable experience. Participants will also have the chance to win exciting rewards and **Pre-Placement Offers (PPOs)** and **Pre-Placement Interview (PPIs)** for 100+ full time positions at Tata Elxsi.*

The problem statements for Round 1 is available on the portal, and only registered teams will be able to access them. We strongly recommend early registration, as teams registering closer to the deadline will have less time to understand the problem and prepare their 1-slide idea submission.

Eligibility- Pre-final (2028 batch) & Final (2027 batch) year students of B.Tech, M.Tech or Integrated Dual Degree courses from all branches

What's at stake?

- ***National Finalists will get PPOs**, while other teams selected in Round 2 will have **PPI opportunities***
- *Opportunity to secure a full-time role from 100+ positions with **CTC of up to 10 lakh per annum***
- *Chance to win exciting rewards from a **prize pool of INR 4.5 lakh***
- ***Goodies** for National Finalists*
- ***Certificates for all participants***

Key dates:

- *Registration Deadline: **31st Oct 2026, 11:59 PM***
- *Round 1 Submission Deadline: **1st Nov 2026, 11:59 PM***

*Please refer to the **website** (**https://gradpartners.in/e/Tata-Elxsi-TELIPORT-Season-4-347**) for registration and further details.*

Make the most of this extended opportunity to showcase your talent and shape your future with Tata Elxsi!

Best regards,
